

NASW-PA Southwest Division & Cognitive Behavior Institute Present:

NEUROSCIENCE-BASED COGNITIVE THERAPY:

NEW METHODS FOR ASSESSMENT, TREATMENT & SELF REGULATION OF MOOD DISORDERS
(DEPRESSIVE DISORDERS, BIPOLAR & RELATED DISORDERS)

Presenter:

TULLIO SCRIMALI, MD, PHD | 6.5 CEUs

This workshop is focused on how recent developments of Neuroscience can be used in order to better the intervention when carrying out CBT with patients affected by mood disorders. Discussion includes Quantitative Monitoring of Electrodermal Activity, a new method developed by Tullio Scrimali and new tool, MindLAB Set, also developed by Tullio Scrimali. World renowned Professor and Dr. Tullio Scrimali studied Medicine at the University of Catania, Italy and specialized Psychiatry at the University of Milan. He is the founding fellow and a therapy certified trainer consultant of the Academy of Cognitive Therapy (ACT of Philadelphia). Dr. Tullio Scrimali was one of the pioneers in the development of Cognitive Psychotherapy in Italy..
